## About Nancy Lv

As a patent attorney at Chang Tsi & Partners, Nancy Lv can offer patent agent services in English. Before joining Chang Tsi & Partners, Ms. Lv worked as a R&D engineer in a famous native display panel company for 5 years, and as a patent attorney in several patent agencies for about 14 years, and mainly handled patent applications for foreign and native clients. She has obtained rich and solid experience in patent practices. During her services for multinational enterprises, Ms. Lv has taken serving customers as her basic working principle and has aimed to provide effective services to meet with the clients' actual needs.

She has been engaged in patent matters since 2008, and served for several famous enterprises. In the process, she kept learning and improving, which made solid foundation for her effective services.

---
