

Andrea An
Patent Attorney
Email: AndreaAn@changtsi.com | Phone: +86 10 88369999

As a patent attorney, Andrea An focuses on patent mining, patent search, drafting of patent application documents, office action responses, patent reexamination, and patent infringement analysis. She creatively addresses issues arising in patent prosecution for clients and strives to secure the broadest possible scope of patent protection.

Technical Field

- Power Systems
- Consumer Electronics
- Mechanical Design
- Manufacturing Processes
- Automotive Engineering
- Aerospace
- Medical Devices
- Renewable Energy
- Energy-Saving Technology
- Water Treatment Technology
- Agricultural Machinery

Years with IP Matters

- 2023 until now

Professional Experience

- Patent Attorney, Chang Tsi & Partners
- Patent Agent, an Intellectual Property Firm in Shenzhen

- Assistant Vehicle Engineer, a Unit of the Chinese People's Liberation Army

Representative Matters

- Provided comprehensive services covering patent mining, portfolio planning and application drafting for leading clients in consumer electronics, medical devices and other technical fields.
- Performed patent mining, PCT portfolio planning and PCT filing services for both overseas and domestic clients' products for global market launch.
- Handled the prosecution of an e-cigarette patent application. The application had been rejected successively on the grounds of insufficient disclosure and lack of inventive step; a reexamination request was filed, and the patent was ultimately granted.

Education

- Shandong University of Science and Technology, B.Eng. in Vehicle Engineering (2016-2020)

Bar Admission

- China Patent Bar
